2. The second briefing was held on 6 September with [redacted] present. [redacted] and [redacted] were shown the estimated budgets (FY 1956-57) for the C.I.U. They were further told of four configurations and the negative sizes of the individual cameras. It was explained that [redacted] was tentatively included in the AQUATONE budget for Minicard equipment with no final decision as to the location of this equipment. 15 January 1956 was given as a tentative date to have the C.I.U. operational. General systems for Minicard recall were discussed also.
